**MyWins**

**Create 'MyWins' that fit your healthy eating style.**

Start with small changes that you can enjoy, like having an extra piece of fruit today.

### Fruits

Focus on whole fruits and select 100% fruit juice when choosing juices.

Buy fruits that are dried, frozen, canned, or fresh, so that you can always have a supply on hand.

### Vegetables

Eat a variety of vegetables and add them to mixed dishes like casseroles, sandwiches, and wraps.

Fresh, frozen, and canned count, too. Look for “reduced sodium” or “no-salt-added” on the label.

### Grains

Choose whole-grain versions of common foods such as bread, pasta, and tortillas.

Not sure if it’s whole grain? Check the ingredients list for the words “whole” or “whole grain.”

### Dairy

Choose low-fat (1%) or fat-free (skim) dairy. Get the same amount of calcium and other nutrients as whole milk, but with less saturated fat and calories.

Lactose intolerant? Try lactose-free milk or a fortified soy beverage.

### Protein

Eat a variety of protein foods such as beans, soy, seafood, lean meats, poultry, and unsalted nuts and seeds.

Select seafood twice a week. Choose lean cuts of meat and ground beef that is at least 93% lean.
